ELAIN — VINCENT VAN DUYSSEN 2018

1—
2

Elain is an armchair with elegant proportions and reassuring lines, elements that underscore Vincent Van Duysen's rationalism. Sophisticated in its simplicity, Elain marks the return to a traditional design language that blends aesthetic quality and emotional comfort. Perfect proportions, materials and elegant manufacturing processes, care for individual details: each single element contributes to the calibrated uniformity of lines and volumes for a surprising reinterpretation of the living room with a modern twist.
